### WINDMILL OPEN DAYS

September open days at the windmill are Sunday 3rd and Sunday 17th. Those will be the last open days of 2023. We restart again next April.

All visitors will be shown around by a guide and there is no particular charge for a tour. However, we are very grateful for donations which will help to keep the mill in the condition in which you now see it.

## CLASSIC CARS AT THE WINDMILL

More than 30 rather fine vintage cars visited our windmill on Saturday 12th August. They were taking part in the Vintage Sports-Car Club Hertfordshire Harvest Tour. Ours was the first of three windmills that they were visiting during their circular tour. Arrivals were spread out over the morning, so there were not too many to park at any one time. Teas, coffees and excellent biscuits were provided by Hazel Heydon and Jill Kuenzi, while several windmill guides assisted with marshalling and tours around the mill. Our visitors seemed very impressed with our overall hospitality and almost £150 in donations was collected!

## HARRIET SCOTT'S MEDICAL GARDEN

Harriet has been growing a 'medical garden' for her EPQ (half an A Level). This consisted of a large plot shaped like a person with about 50 different varieties of medicinal plants positioned around the plot at points which corresponded to the part of the body each plant is meant to treat. She opened the garden during August and gave a fascinating talk to all visitors.

## THE PUDGELL

Great Chishill has some odd street names. Joseph Wright's "English Dialect Dictionary", first published in 1905, defines "Pudgell" as "a puddle of stagnant, muddy water". There must

have been a pond there in the past, but the area is much more fragrant now!
